A - Paper Submission and Publication in AW International/National Conferences

A1 All papers must be original and must not have been published elsewhere, before or after the conference.
A2 All authors and co-authors must inform their Head of Department/Principal/Guide about the submission of their paper to AW conferences.
A3 All authors and co-authors must state their correct affiliations in the paper.
A4 Papers submitted after the last date of submission may not be considered by the Organizing Committee.
A5 All AW conferences follow a blind peer-review process; each paper is reviewed by three subject-expert reviewers.
A6 AW may choose not to publish the e-mail addresses of authors or co-authors online.
A7 After registration, AW will not add, modify or delete any author's or co-author's name in the paper without a No Objection Certificate (NOC) from all authors and co-authors listed in the paper.

A8 AW does not publish unregistered papers received for its conferences.

A9 AW is not responsible for verifying the authorship of a paper. The person who submits the paper will be treated as its original author.

A10 If AW receives a complaint about the authorship of a paper and the AW management team finds it valid, the paper will be suspended from publication immediately.

A11 AW will not republish or distribute any suspended paper from the date of suspension.

A12 Visa information: It is the delegate's sole responsibility to check the visa requirements of the host country and to apply for a conference visa, if necessary. A visa invitation letter can be issued only after successful registration. AW is not responsible for obtaining any kind of visa, will not contact any embassy or send letters on behalf of participants, will not share any local person's contact details, and will not issue a letter of guarantee for obtaining a visa.

A13 Failed visa applications: If a visa application is rejected, the registration fee will not be refunded. However, the registration fee may be transferred to another conference.

A14 AW does not act as guarantor for any participant during their visa period in any country.

B - Attending AW International/National Conferences

B3 The organizer may change the venue and date at any time before the conference. In such a case, only registered participants will be informed by e-mail and phone.

B4 AW is not responsible for refunding travel tickets or any other financial loss to participants if the conference is cancelled or rescheduled to another place or date. The registration amount will be transferred to another conference organized by AW or its sister organizations, or it may be refunded after deduction of transaction/secretarial charges, at the discretion of AW management.

B5 Online conference: AW may move the conference online due to unforeseen circumstances (such as a pandemic, travel restrictions or natural disasters) in any country. In such a case, no registration amount will be refunded.

B7 Participants must switch on their video camera while presenting their paper and during the group photo in an online conference.

B8 Participants must bring an original photo ID (passport for international participants) to the conference. Participants without valid ID will not be allowed to attend.

B11 Participants must not use the event for protests, political activism or any activity unrelated to the conference.

C - Publication in AW International Journals and Associated Scopus/WoS/SCI/Google Scholar Indexing Listed Journals

C1 AW reserves the right to select papers from the conference for publication in international journals.

C2 Publication in Scopus-indexed, WoS, Google Scholar Indexing listed, SCI-indexed or other associated journals: On the author's written request, AW can submit the paper to such journals. The author will have to pay the entire publication cost/APC of the particular journal. Review and publication may take 1 to 12 months.

C3 AW acts only as a mediator and consultant for publication in its associated journals. Authors are encouraged to verify the authenticity and validity of the journal's home page and its Scopus/Google Scholar Indexing, using their own sources, before giving any paper to AW for processing.

C4 It is the author's sole responsibility to check the journal's ISSN, indexing and impact factor on the journal's home page, Google Scholar Indexing, Scopus, WoS, SCI or other sources.

C5 AW is responsible only up to the publication of the paper in the respective journal. It is not responsible for later indexing of papers by any indexing agency (Scopus, WoS, etc.).

C6 AW is not responsible if any journal is declared a clone or fake journal by Scopus, WoS, Google Scholar or any indexing or government agency. No money will be refunded, now or in the future, for papers published in such journals through the AW publication service.

C7 Fees paid to attend AW conferences will not be refunded if the registered paper is not selected for a Scopus/WoS/Google Scholar Indexing/SCI journal, or if the author chooses not to publish in an AW-associated international journal after the conference.

C8 AW may accept papers from its own or associated conferences for publication in AW-associated international journals after the authors extend the paper by at least 20%.

C9 AW takes 25 to 60 days to complete the second-round review for AW-associated international journals after the conference.

C10 All AW-associated international journals have an ISSN.

C11 Authors must pay the hard-copy charges to receive a printed copy of the journal.

C12 The editorial board reserves the right to reject any paper for journal publication after the second round of review (after the conference/seminar). If the paper is rejected, the conference registration fee will not be refunded.

C13 AW reserves the right to select or reject any paper from its collaborating conferences. The decision of AW management will be final.

D - Plagiarism Policy

The plagiarism policy ensures that authors give due credit to other authors when referencing, and it protects the academic integrity of the research community.

D1 All papers submitted for publication are checked with plagiarism-detection software to verify their originality and similarity percentage. Papers that fail to meet the criteria are returned to the author for revision.

D2 If plagiarism is detected just before publication, the author will be given a chance to resubmit the paper after making the changes suggested by the editor. If the editor considers the plagiarism a major issue, the paper will not be considered further for publication.

D3 If plagiarism or a fake identity is suspected or detected after publication, the paper will be removed from the website until verification is complete. If only a few paragraphs are plagiarized, the author will be given a chance to revise the paper, and it will be restored to the website after the editor's approval.

D4 If AW decides that plagiarism or a fake identity is a major issue in a published paper and it seriously violates the copyright of others, the paper will remain withdrawn, and the author will be penalized and blacklisted by AW and other conference organizers for life. The removal will be noted on the journal website, and indexing services will be notified.

D5 Authors who republish their earlier published work (self-plagiarism) will be dealt with by the same procedure.

E1 AW is registered under "Unified Research Library and Publishing (URLP)" under Section 25 of the Companies Act, 1956, Government of India.
